**Ambassador Wolves** from Colorado's Mission: Wolf sanctuary will make numerous appearances in Colorado, Utah, Montana and Oregon this Spring. *Kent Weber, Tracy Brooks* and *Annie White* from Mission:Wolf will present educational programs that offer the public a chance to look into the eyes of a wolf at close range. Information and an optional slide show will focus on the return of wild wolves across the US. Presenters will answer questions and provide educational material regarding the return of wild wolves and captive wolf / wolf-dog cross ownership. Do wolves eat grandmothers? Do wolf-dog crosses make good pets? Where can wild wolves live again? What happened to the wolves living in Yellowstone National Park?

If you've ever wanted to see **live wolves up close**, or learn about the plight of this splendid and misunderstood animal, here's your chance. Mission: Wolf is bringing four wolves, **Rami**, a ten-year-old veteran female Ambassador Wolf and three yearling pups – **Luna, Raven** and **Magpie** – for a day of wolf programs to your area on:
